

## bul.it™ LED spec sheet

### material

#### housing

precision CNC spun .063" aluminum parabolic housing with rolled bottom edge for added strength and matte anodized finish standard. optional powder coat paint finishes.

#### array platform

.080" spun aluminum.

#### bottom lens (optional)

.125" P95 frosted acrylic concave dome with 3 finger holes. recesses slightly into fixture.

#### decorative ring (optional)

.125" colored acrylic ring. concave or convex reversible installation.

### optics

.050" spun aluminum conical reflector finished in high reflectance (>92%) matte white powder coat.

### efficiency

constant current driver operates LED consistently, regulating the current flow through it to produce the most consistent light output and efficiency. constant current driver protects LEDs from voltage fluctuations in the building power system, eliminating stress from over voltage, inrush surges, and flicker from voltage fluctuations, assuring long service life.

### LED

COB array in 3000K, 3500K, or 4000K (80 cri). under normal operating conditions, the LEDs employed are rated for >36,000hrs L70 (6.8K) per IES TM-21 from LM-80 test data, and 71,000hrs L70 projected life. white power cord is standard with other color options listed below.

### driver

Roal Strato series, class 2 power unit, built-in active PFC function, universal input (120-277 vac), 10% minimum dimming level, PF >80, protections include short circuit, over current, over voltage and over temperature. wired from factory for 0-10v dimming. (8" dia)

integral Thomas Research LED-40W series, class 2 power unit, universal input (120-277 vac), 10% minimum dimming level, PF >.90, THD <20% at full load, >418khrs MTBF, protections include short circuit, over current, over voltage. wired for 0-10v dimming from factory. (12" dia/16" dia)

### mounting

5"dia. spun steel canopy in satin white with 6ft stainless steel cable tripod and field adjustable grippers that allow for exact AFF mounting heights.

### finish

8" dia, select from standard powder coat paint finishes or specify RAL# for custom colors. silver anodized finish available by special order. minimum quantity required.

12" dia / 16" dia, standard is silver anodized finish. optionally, select from standard powder coat paint finishes or specify RAL# for custom colors.

### emergency

emergency not available. if required, recommend use of inverter (by other).
